

LP3 ASSIGNMENT SUBMISSION METHODOLOGY

TECHNOLOGY: MENTION YOUR INTERNSHIP TECHNOLOGY

WHEREB TO SUBMIT: GitHub

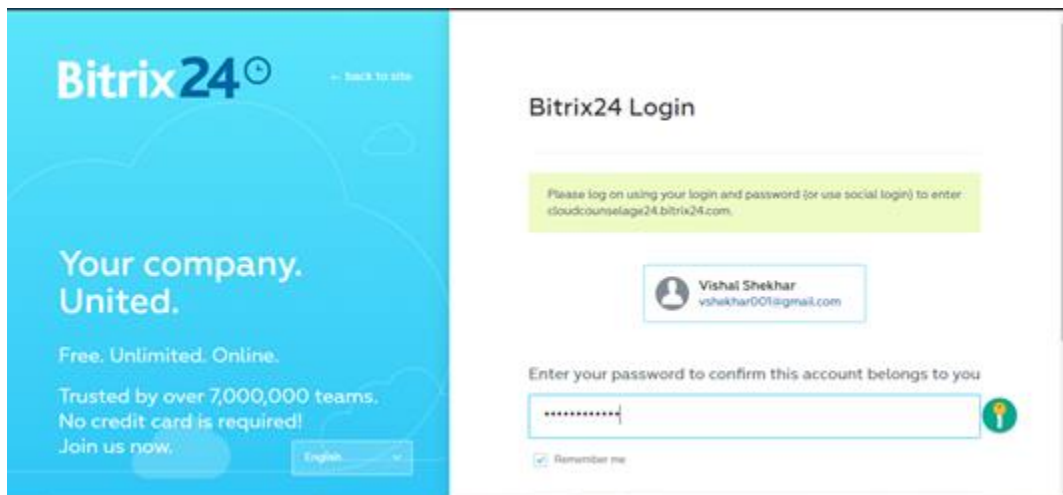

WHAT TO SUBMIT: Your code along with all supporting files.

PRE-REQUISITE:

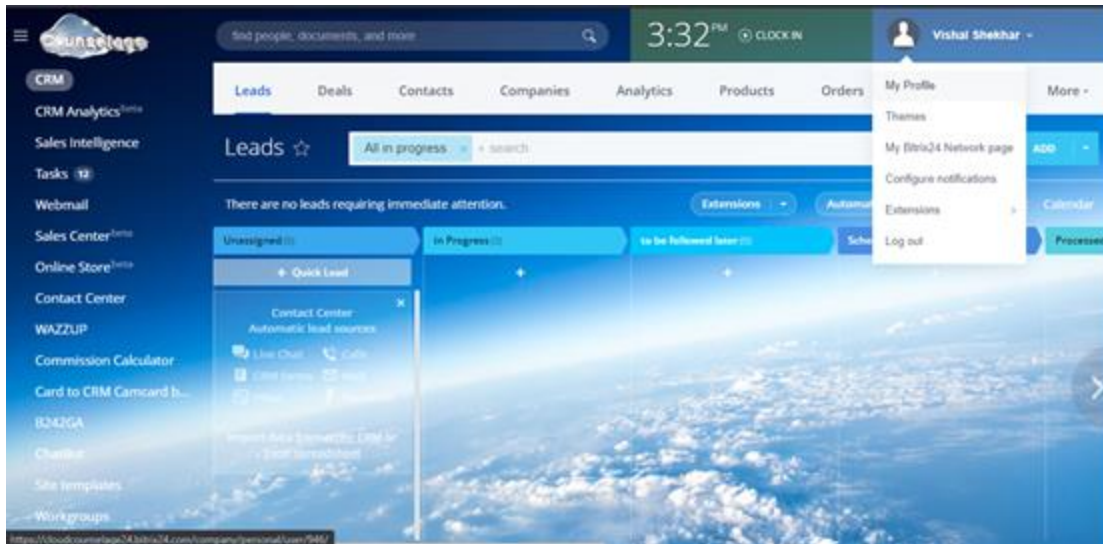

Get your USERID:

Please follow the procedure to get your unique user id in the Bitrix 24 platform.

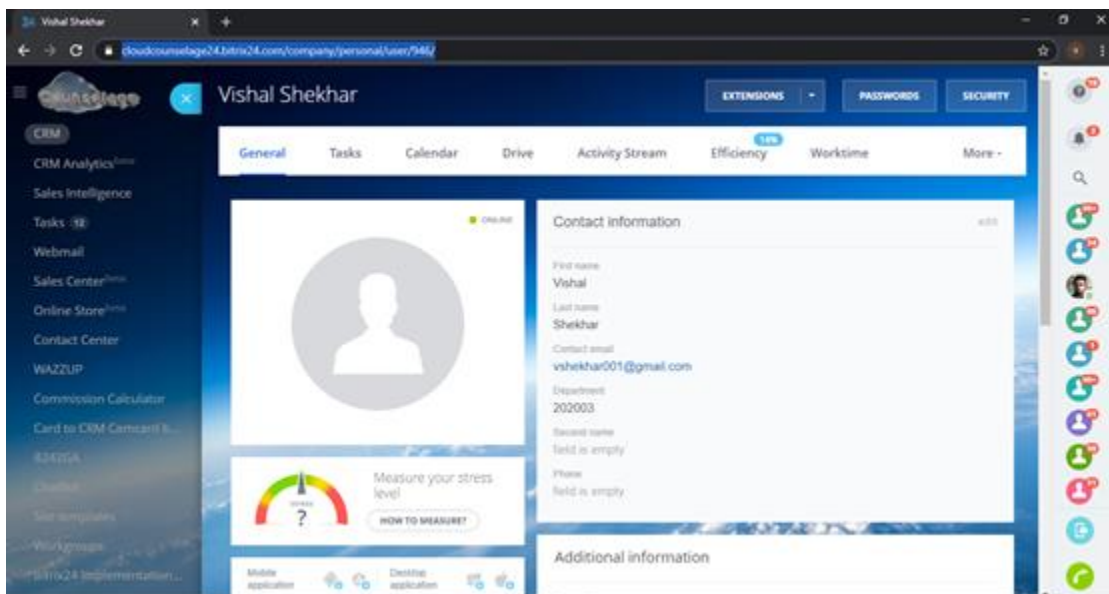

- Login to your personal Bitrix 24 account using your credentials.

- After logging in, please click on your username which is present on the right-hand top corner. On clicking your name, a drop-down menu pops up. Select **“My Profile”** option from the list.

- After clicking “**My Profile**” button, your user profile page pops up. As the page gets loaded, please click on the URL link. The **number** present at the end of the URL link will be your personal unique user id. Please make note of it.

PROCEDURE:

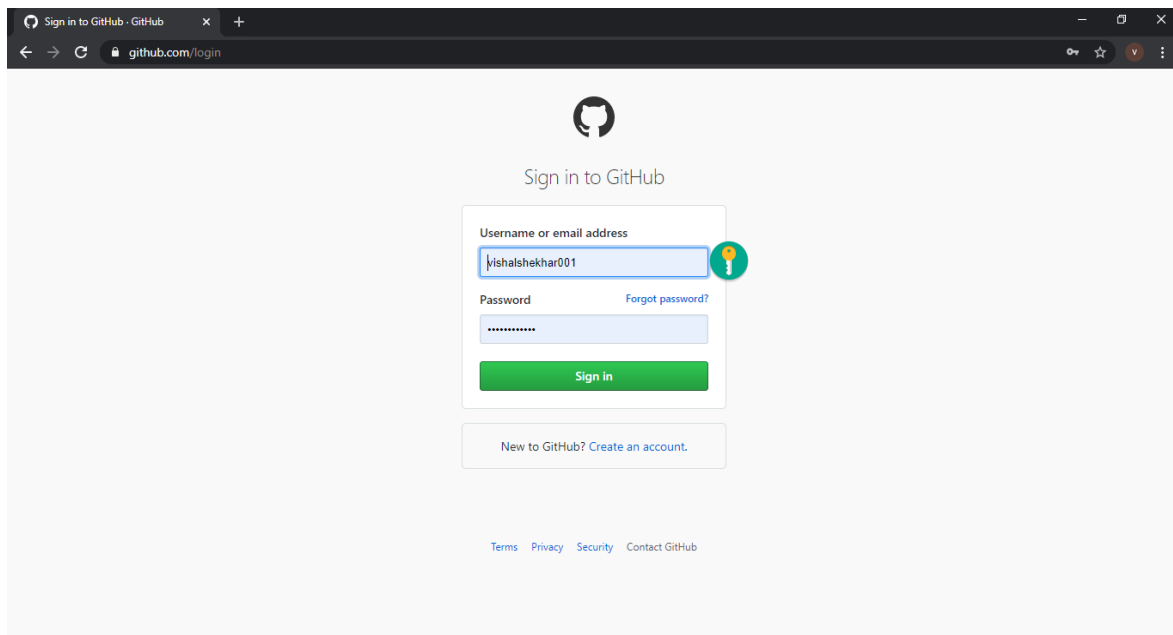

STEP 1:

Create a folder in your PC and copy all the required files like your application code, data set and other supporting files if any. Please name the folder as

"IP_LP3_YOUR_TECHNOLOGY_NAME_AS_PER_WORKGROUP_NAME_YOUR_NAME_USERID",
example **"IP_LP3_Artificial_Intelligence_Vishal_Shekhar_946"**.

STEP 2:

Login to your GitHub account using your personal GitHub credentials.

STEP 3:

After you sign in, please click on the search bar of GitHub and search for the repository name that we have shared in the announcement in your respective workgroup. For your reference, here we will search for the repository, **"IP-LP3-SUBMISSION-SAMPLE"**. After typing this repository name on the search bar, click on **"All GitHub"** button which will appear when you click on the search bar.

It should only take a few seconds.

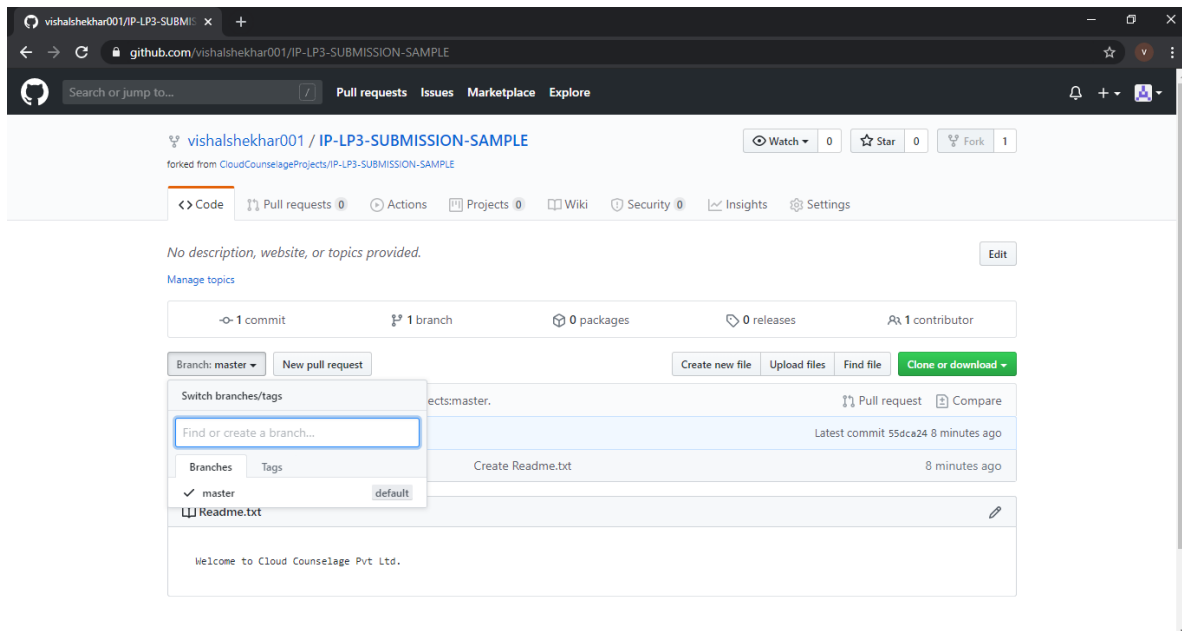

Refresh

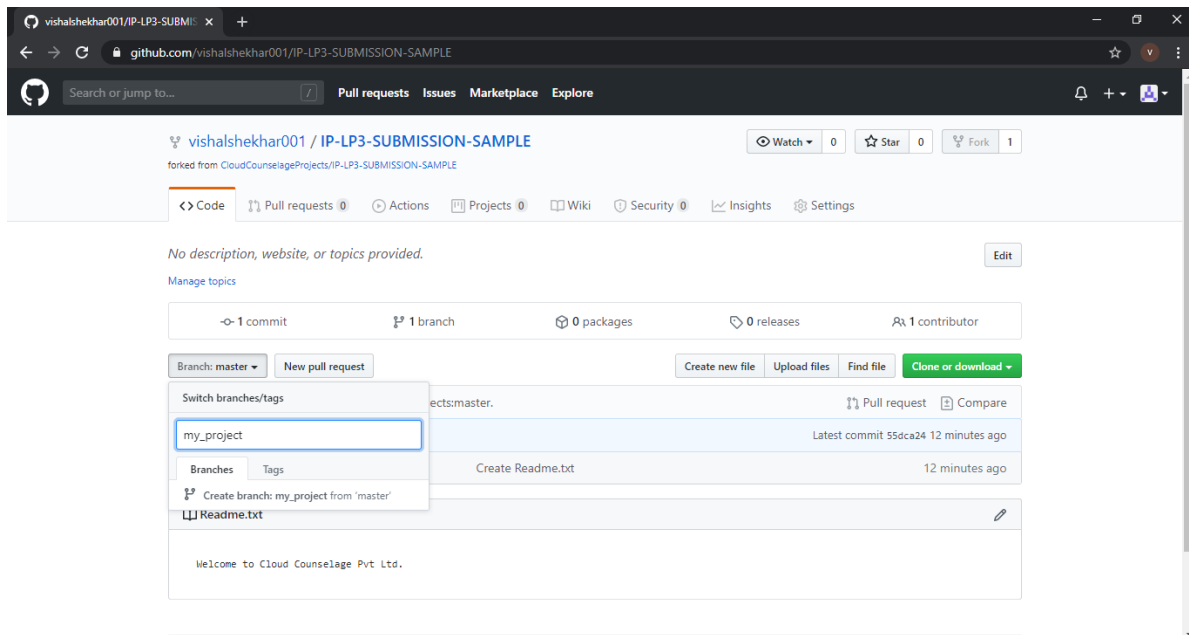

STEP 5:

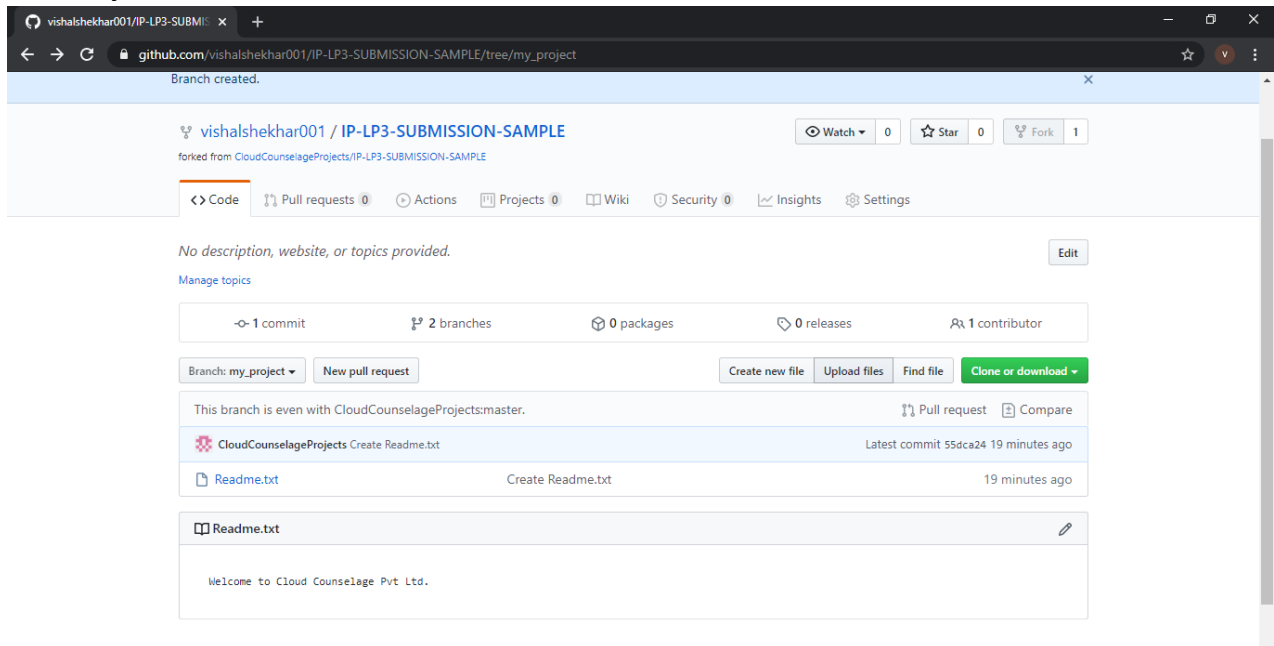

Once the repository is forked, please click on the **“Branch”** button that is present on the forked repository page. Please create a new branch by providing a name in the white box that will pop on clicking the **“Branch”** button and click enter button. This will create a new branch.

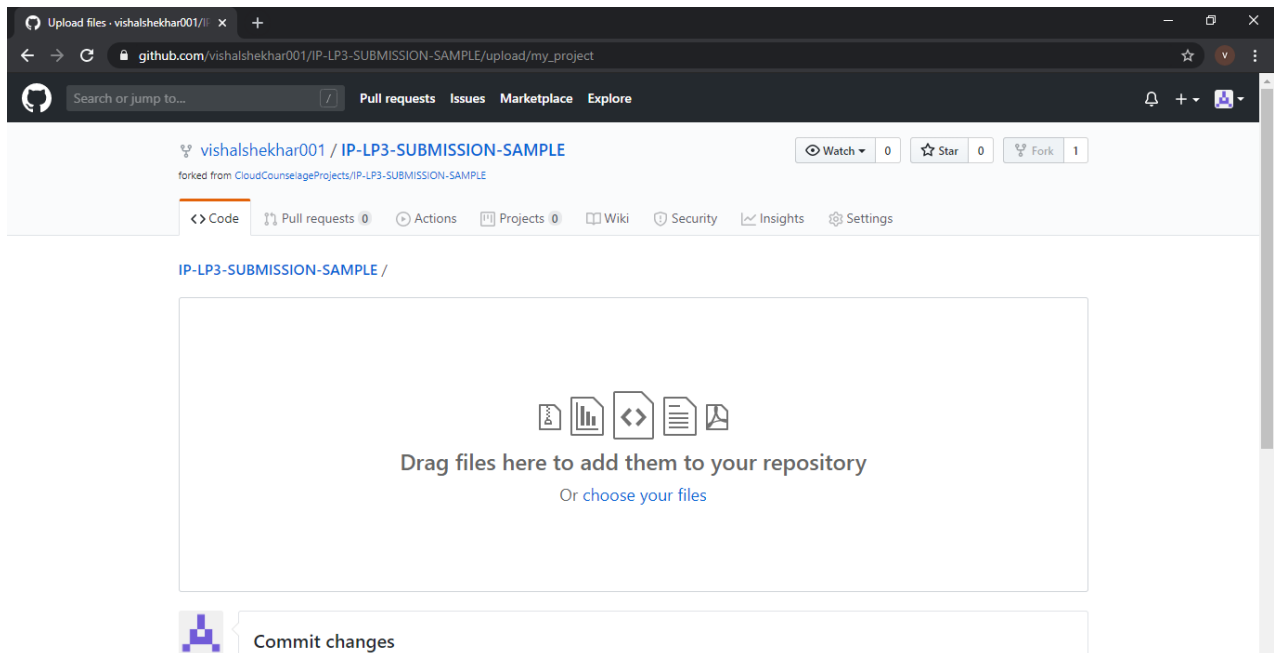

STEP 6:

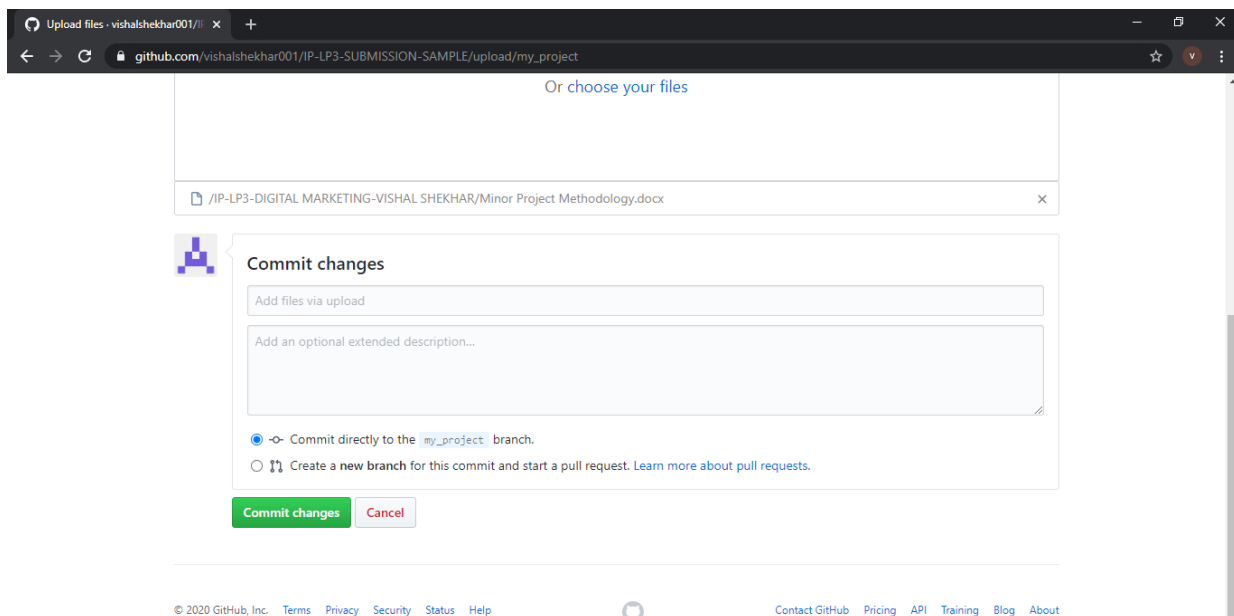

After the new branch is created, click on the **“upload files”** button. A new window will pop up where you will be able to upload the files by **dragging** it to the page or by clicking on the **“choose your files”** button.

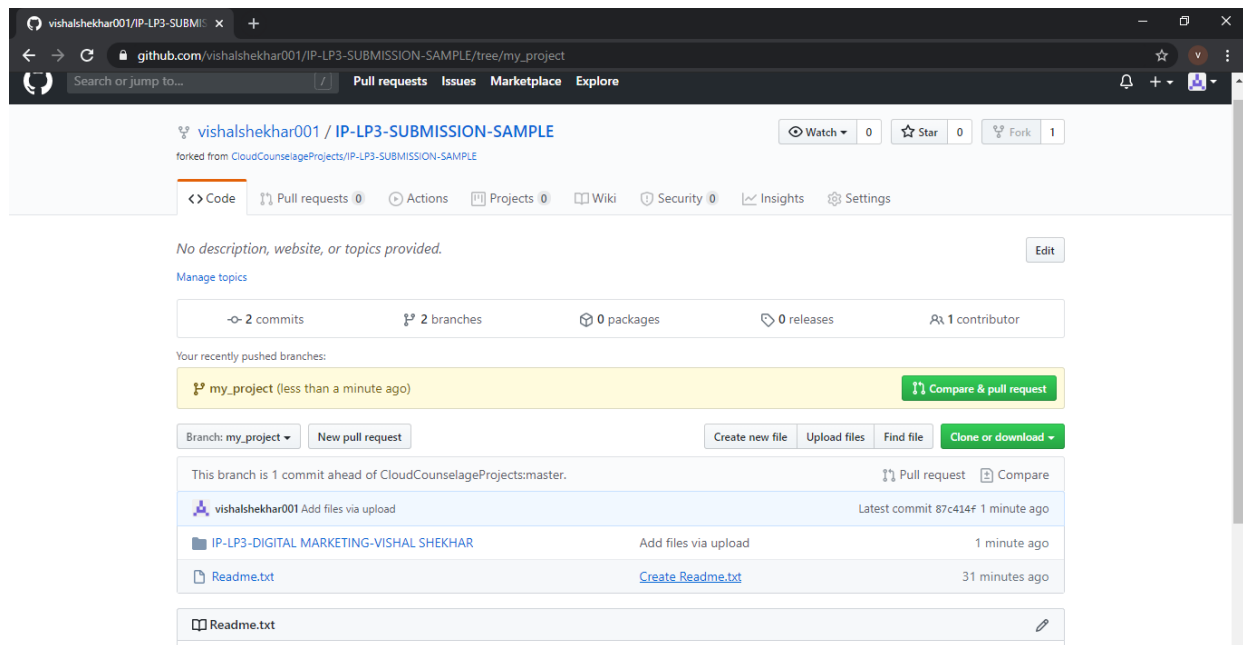

STEP 7:

Upload the folder which was asked to be created in **“STEP 1”**. After the folder is uploaded, click on the **“COMMIT CHANGES”** button at the bottom of the page. On clicking the **“COMMIT CHANGES”** button, the page will get reloaded and will take you back to your forked repository home page.

The uploaded folder will be reflected in your repository home page under the branch that you have created.

STEP 8:

Click on the **“COMPARE & PULL REQUEST”** button. On clicking this button, you will be redirected to a page called **“Open a Pull request”**. Add a title name for the box that will appear. Provide any suitable name and click on the **“CREATE PULL REQUEST”** button. This will send a pull request to the Cloud Counselage Projects account.
